*Are you tired of wearing only black but hate the effort it takes to shop for new colors?
Do you avoid wearing makeup because you're not sure what colors look good on your skin tone
or near your eyes?*

Imagine if every item in your closet enhanced your eyes, created luminous looking skin and made your hair shine brighter. How would that feel?

A color analysis is about discovering 40 of your very best colors and being able to easily incorporate those colors into your wardrobe and makeup. **It's all you need to dress with style and confidence.** Unwrap your inner beauty to expose your greatest potential, **your unique self**, with my Color Alliance® system.

For both men and women, our Color Alliance® system utilizes precise scientific measurements which eliminate the margin of human error from a personal seasonal color analysis. Plus, it provides wide variety and flexibility in the selection of colors for each individual.

The result is a color analysis seasonal palette unique to YOU, specifically designed to complement your coloring with accuracy and precision. No other color system can duplicate this highly personalized approach ... this unique alliance.

Just how unique and precise is the computerized Color Alliance® System?

- Your palette is like your **fingerprint in color**; scientifically identifies YOU
- Over 4 million color combinations available
- Your season determines what colors look best on you
- There are 362 different palettes; not just 4 (winter, spring, summer & autumn)
- Your palette consists of 40 of **YOUR** best colors

Your **Styled by Kate™** experience delivers an effortless way to put your best face and best foot forward every day.
